CONSIDERATION OF CONSTITUTIONAL AMENDMENT.

Mr. Devlin moved that Senate Constitutional Amendment No. 1 be taken up without further reference, as Senate Constitutional Amendment No. 1 is identical with Assembly Constitutional Amendment No. 9 heretofore favorably reported by Committee on Revenue and Taxation.

Motion carried.

SENATE CONSTITUTIONAL AMENDMENT NO. 1.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California providing for the separation of State and local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end amending Sections 1, 9, 10, and 11 of Article XIII, and adding to Article XIII two new sections, to be numbered Sections 14 and 15, and repealing Section 10 of Article XI thereof, all relating to revenue and taxation.

WILREAS, It is deemed desirable to ultimately separate the sources of revenue for State purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its regular session, commencing the seventh day of January, nineteen hundred and seven, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California:

First. Sections 1, 9, 10 and 11 of Article XIII are hereby amended so as to read:

SECTION 1. All property in the State except as otherwise in this constitution provided, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law, or as hereinafter provided. The word "property," as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership; *provided*, that property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and such as may belong to the United States, this State, or to any county or municipal corporation within this State shall be exempt from taxation. The Legislature may provide, except in the case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this State.

Sec 9. A State Board of Equalization, consisting of one member from each congressional district in this State, as the same existed in the year eighteen hundred and seventy-nine, shall be elected by the qualified electors of their respective districts, at the general election to be held in the year one thousand nine hundred and ten, and at each gubernatorial election thereafter, whose term of office shall be for four

years. The Controller of State shall be ex officio a member of the board. Said board shall be the successor of the present State Board of Equalization whose members shall continue in office until their successors, as herein provided for, shall be elected and shall qualify. The Legislature shall have power to redistrict the State into four districts, as nearly equal in population as practical, and to provide for the election of members of said board of equalization. It shall the duty of said board to assess and levy the taxes provided for in Section 14 of this article and to perform such other duties in relation to taxation as this Constitution or the Legislature may prescribe. The boards of supervisors of the several counties of the State shall constitute boards of equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purposes of taxation. Such county boards of equalization are hereby authorized and empowered, under such rules of notice as they may prescribe, to raise or lower any assessment contained in the assessment roll so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll. But no board of equalization shall raise any mortgage, deed of trust, contract or other obligation by which a debt is secured, money, or solvent credit, above its face value.

SEC. 10. All property, except as otherwise in this Constitution provided, shall be assessed in the county, city, city and county, town, township, or district in which it is situated, in the manner prescribed by law.

SEC. 11. Income taxes may be assessed to and collected from persons, corporations, joint-stock associations, or companies resident or doing business in this State, except those provided for in subdivisions (a), (b) and (c) of Section 14 of this article, or any one or more of them, in such cases and amounts, and in such manner, as shall be prescribed by law.

Second. There is hereby added to Article XIII two new sections to be numbered 14 and 15 and to read as follows:

SEC. 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-loading and other car companies operating upon railroads in this State, every company doing express business on any railroad, steamboat, vessel or stage line in this State; telegraph companies, telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies, banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations. All property, not exempt from taxation, except those classes of property enumerated in this section, shall be subject to assessment and taxation, in the manner provided by law, for county, city and county, city, town, township, and district purposes. *Provided*, that until the year 1914 the State shall reimburse San Bernardino, Placer, and Yuba counties for the net loss in county revenues occasioned by the withdrawal of railroad property from county taxation.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loading and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel or stage line in this State; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property used in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property above enumerated of such companies; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-loading and other car companies, three per cent, on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one-half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of such companies, except county and municipal taxes on real estate; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other state or country doing business in this State.

(c) The shares of the capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county and municipal, upon such shares of stock and upon the property of such banks, except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus and undivided profits, including the good will of the business, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except taxes on real estate. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies.

(d) Every corporation incorporated under the laws of this State, excepting the corporations mentioned in the preceding subdivisions of this section, and excepting all educational, religious and charitable corporations and all corporations which are not organized for pecuniary profit, shall pay an annual tax to the State upon its franchise to be a corporation, and every corporation incorporated elsewhere and doing business in this State, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the State upon its right to do business in this State, as follows: when the authorized capital stock of the corporation does not exceed ten thousand dollars (\$10,000) the tax shall be ten dollars (\$10.00); when the authorized capital stock exceeds ten thousand dollars (\$10,000) but does not exceed twenty thousand (\$20,000) the tax shall be

fifteen dollars (\$15.00); when the authorized capital stock exceeds twenty thousand dollars (\$20,000) but does not exceed fifty thousand dollars (\$50,000) the tax shall be twenty dollars (\$20.00); when the authorized capital stock exceeds fifty thousand dollars (\$50,000) but does not exceed one hundred thousand dollars (\$100,000) the tax shall be twenty-five dollars (\$25.00); when the authorized capital stock exceeds one hundred thousand dollars (\$100,000) but does not exceed two hundred and fifty thousand dollars (\$250,000) the tax shall be fifty dollars (\$50.00); when the authorized capital stock exceeds two hundred and fifty thousand dollars (\$250,000) but does not exceed five hundred thousand dollars (\$500,000) the tax shall be seventy-five dollars (\$75.00); when the authorized capital stock exceeds five hundred thousand dollars (\$500,000) but does not exceed two million dollars (\$2,000,000) the tax shall be one hundred dollars (\$100.00); when the authorized capital stock exceeds two million dollars (\$2,000,000) but does not exceed five million dollars (\$5,000,000) the tax shall be two hundred dollars (\$200.00); when the authorized capital stock exceeds five million dollars (\$5,000,000) the tax shall be two hundred and fifty dollars (\$250.00).

(c) All franchises, other than those expressly provided for in this section, shall be assessed by the State Board of Equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(f) All the provisions of this section shall be self-executing, but the Legislature may pass all laws necessary to carry this section into effect. The taxes herein provided for shall be levied and assessed on the first Monday in March of each year after the adoption of this amendment and shall become due and payable on the first Monday in June thereafter. The gross earnings and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the date of said levy. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature.

SEC. 15. No suit, action, or proceeding shall ever be maintained in any court against this State, or against any officer thereof, to have any tax levied under the provisions of this article, declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid, but after such payment, action may be maintained to recover any tax illegally collected in such manner and within such time as may now or hereafter be provided by law.

Third. Section 10 of Article XI of said Constitution is hereby repealed

MESSAGES FROM THE GOVERNOR.

Messages from the Governor were taken up and read, as follows:

To the Assembly of the State of California.

I have the honor to return herewith Assembly Bill No. 95, entitled "An Act to perfect the organization of Reclamation District Seventy, as created by an Act entitled 'An Act to create a reclamation district, to be called Reclamation District No. 70, and providing for the control and management thereof,' approved March 21, 1905, by the dissolution of all smaller reclamation and protection districts, composed of portions of the same territory," without my approval, for the following reasons:

In January, 1905 Reclamation District No. 763 of Sutter County was regularly organized in compliance with the provisions of the Political Code in such cases made and provided.

At a later date and on the 21st day of March, 1905, by an Act of the Legislature of the State of California, approved that day, Reclamation District No. 70 was established. This latter district included within its exterior bounds all of Reclamation District No. 763.

A portion of the property owners of Reclamation District No. 763 have protested and are now protesting against being included within said district No. 70. It is their contention that having formed a separate and independent reclamation district in compliance with the general laws of the State, the Legislature has no right to include them within the limits of a larger district.

Litigation has been commenced and is now pending to determine the question. In view of these circumstances I deem it proper that the protesting property owners should have ample opportunity to maintain any rights they may have in the matter.

It would not be in consonance with sound policy for the Legislature to impair or deprive the protesting owners of any of their remedies in the courts. They have a right now to be heard and may present whatever defenses they may have. Should this legislation be approved their district would be dissolved, and it would be useless for them to prolong the litigation.

The privilege of existing as a separate district subject to their own laws and pursuing a course of reclamation peculiar to themselves, seems to me to be a sufficient warrant to justify them in objecting to a dissolution in the manner prescribed by this Act.

For these reasons I feel that the bill ought not to be approved.

Very respectfully,

J. N. GILLETT, Governor.

Dated, February 23, 1907.

Strike out all after the enacting clause and insert as follows:

SECTION 1. All aliens may, subject to the further provisions of this Act, acquire and hold title in fee simple, or otherwise, to lands, tenements, and hereditaments, situate in this State, by deed, devise or descent, and may alienate, sell, assign, incur, devise and convey lands, tenements, or hereditaments whether the same have been heretofore or be hereafter acquired, and the title to any lands of which an alien may be seized or possessed, intestate, shall descend to the heirs at law, and no person shall be deprived of his right to take title to real estate as heir at law by descent from any deceased person, because he may be an alien or be compelled to trace his relationship to such deceased person through one or more aliens.

SEC. 2. If any alien at the time of acquiring title to lands situate in this State shall be of the age of twenty-one years or upwards, he may hold title to the same for five years from and after the time of acquiring such title; but if any alien shall at the time of acquiring title to lands situate in this State be under the age of twenty-one years he may hold title to the same for five years after the time when he becomes twenty-one years of age, and if at the end of the time above limited, such lands shall not have been conveyed to bona fide purchasers for value, or such alien shall not have become a citizen of the United States, it shall then be the duty of the district attorney of the county in which said lands are situate to proceed by information, in the name of the people of the State of California, in the Superior Court of such county, to compel a sale of the lands, and such court shall have jurisdiction to hear and determine such information and to order the sale of such lands by a special commissioner, or other officer, for that purpose appointed by the court, at such time and place and upon such terms as the court may direct, but such sale shall be made subject to all incumbrances by way of judgment or mortgage, or otherwise, existing against such lands. Notice to all parties interested shall be given as now authorized in civil cases.

It shall be a good defense to any such proceeding that prior to the time that the same was commenced such alien had become a citizen of the United States, or that the title to such lands had been conveyed in good faith by such alien immediately to a citizen of the United States, or if such alien was deceased prior to the time of the commencement of such proceeding that his heirs, or devisees, or any person claiming by, through, or under them, are or had become citizens of the United States. Said court shall tax as costs such fees for the district attorney as shall be reasonable, not exceeding twenty per centum of the amount which shall be bid for such lands at any such sale thereof, and shall allow to such special commissioner, or other officer making such sale, the same fees as are allowed by law for the sale of lands under decree of foreclosure of mortgages, and all fees and costs shall be paid out of the proceeds of sale of such real estate.

If any district attorney shall neglect or refuse to proceed by information as hereinbefore provided, within thirty days after it shall be brought to his notice that an alien is holding title to lands in this State, contrary to the provisions of this Act, then any citizen may proceed by information, in the name of the people of the State of California, in the same manner as such district attorney might have proceeded under the provisions of this section, and he and his attorney may be allowed such reasonable fees for their services, to be taxed as costs, as the court may direct, not exceeding in the aggregate twenty per centum of the amount which shall be bid for such lands at any sale thereof. All sums received from the sale of any lands under the provisions of this Act, less costs as herein provided, shall be paid to the owner, his heirs or assigns.

SEC. 3. No contract, agreement, or lease of real estate for a longer period than one year shall be made to any alien, and any lease, agreement or devise of real estate made to any alien contrary to the provisions of this section shall be null and void.

Also: Strike out the title, and insert in lieu thereof "An Act entitled an Act to prevent the holding of title to real property for a longer term than five years unless the grantor shall become a citizen of the United States or declare his intention to become such citizen, also preventing the holding of title by lease or devise for a longer time than one year by any alien"

REPORT OF SPECIAL JOINT COMMITTEE.

The following report of the joint committee appointed to draw up resolutions of respect to the memory of the late John J. Burke was submitted:

We, your Joint Committee, appointed to draw up resolutions of respect to the memory of the late John Joseph Burke, beg leave to report as follows:

WHEREAS, In the course of Divine Destiny, the hand of death has claimed from among us an honored and beloved member, John Joseph Burke; and

WHEREAS, As a mark of respect to his memory, and in accordance with the wishes of our hearts to express the deep feeling of bereavement in our loss, we desire to make record thereof; now, therefore, be it

Resolved, That in the untimely demise of John Joseph Burke, the Legislature of California lost from its numbers a member of unimpeachable integrity, possessed of ability of high order, tireless energy, and unselfish and high ideals. He had a genial wit, a solicitude for the rights of others, and a most lovable and kind disposition. His was a hand ever ready to assist where assistance was needed; his, a heart ready with sympathy, reaching beyond the lines of creed or party. Standing, as he did, at the threshold of a career brilliant with promise, honored by attainment in the past, he was a type and symbol of the glory of a free land where no prince gives knighthood, but going forth with the accolade of a good mother, a man's deeds and manners confirm in him the only nobility we recognize—the nobility of personal worth. In thus feebly expressing the sentiment of our hearts, and handing down a record thereof for the years that are to come, we extend to the bereaved family of the deceased our deep and sincere sympathy in their loss, and commend to ourselves and the generation, of which he made one, the sweetness and genuine worth of his all too brief career; and be it further

Resolved, That the Chief Clerk be and he is hereby authorized to have the foregoing resolutions suitably engrossed and framed and delivered to the family of deceased, and

the Controller is hereby directed to draw his warrant in favor of Clio Lloyd, Chief Clerk, in the sum of one hundred dollars, payable out of the Contingent Fund of the Assembly, and the Treasurer is hereby directed to pay the same; be it further

Resolved, That a copy of this resolution be recorded in the journal of this House, and a copy thereof be engrossed and sent to the family of the deceased.

J. P. TRANSUE.
JOHN W. STETSON.
FRANK R. DEVLIN.
C. P. CUTTEN.
W. L. MCGUIRE.
J. CLEM BATES.
E. I. WOLFE.
GUS. HARTMAN.

MR. SPEAKER: Your Committee on Contingent Expenses and Accounts, to whom was referred the following resolution:

We, your Joint Committee, appointed to draw up resolutions of respect to the memory of the late John Joseph Burke, beg leave to report as follows:

WHEREAS, In the course of Divine destiny, the hand of death has claimed from among us an honored and beloved member, John Joseph Burke; and

WHEREAS, As a mark of respect to his memory, and in accordance with the wishes of our hearts to express the deep feeling of bereavement in our loss, we desire to make record thereof, now, therefore, be it

Resolved, That in the untimely demise of John Joseph Burke, the Legislature of California lost from its numbers a member of unimpeachable integrity, possessed of ability of high order, tireless energy, and unselfish and high ideals. He had a genial wit, a solicitude for the rights of others, and a most lovable and kind disposition. His was a hand ever ready to assist where assistance was needed; his a heart ready with sympathy, reaching beyond the lines of creed or party. Standing, as he did, at the threshold of a career brilliant with promise, honored by attainment in the past, he was a type and symbol of the glory of a free land where no prince gives knighthood, but going forth with the accolade of a good mother, a man's deeds and manners confirm in him the only nobility we recognize—the nobility of personal worth. In thus feebly expressing the sentiment of our hearts, and handing down a record thereof for the years that are to come, we extend to the bereaved family of the deceased our deep and sincere sympathy in their loss, and commend to ourselves and the generation, of which he made one, the sweetness and genuine worth of his all too brief career, and be it further

Resolved, That the Chief Clerk be and he is hereby authorized to have the foregoing resolutions suitably engrossed and framed and delivered to the family of deceased, and

the Controller is hereby directed to draw his warrant in favor of Clio Lloyd, Chief Clerk, in the sum of one hundred dollars, payable out of the Contingent Fund of the Assembly, and the Treasurer is hereby directed to pay the same; be it further

Resolved, That a copy of this resolution be recorded in the Journal of this House, and a copy thereof be engrossed and sent to the family of the deceased.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was taken up and read:

To the Assembly of the State of California:

I herewith return to you Assembly Bill No. 324, with my disapproval.

This bill adds to the present force of the Surveyor General's office, an expert and a book-keeper, each to receive a salary of \$2,000 per annum, and it also increases the salary of the Deputy Surveyor-General \$400, and the Assistant Surveyor-General \$400, making in all the sum of \$4,800 per year.

This increase in officers and raise in salaries seems to be unnecessary, when we stop to think that nearly all of the land belonging to the State has been sold. Surely the same office force that did the work of this office in the past, when the State owned a large acreage of land, should be able to do the work in the future, with our land nearly gone.

For the foregoing reasons, I am of the opinion that the present law providing for the help in the Surveyor-General's office, and fixing the salaries thereof, is sufficient.

J. N. GILLET,

February 27, 1907

Governor of the State of California.

PETITION.

The following petition was submitted:

To His Excellency, James N. Gillett, Governor of California, and to the Senate and to the Assembly of the State of California

We, the undersigned citizens of California, send greeting:

And we hereby earnestly petition your favorable action in passing at the present session of the Legislature remedial legislation on the subject of divorce substantially as set forth in Senate Bills Nos. 402, 403, 404, 405, and 406; providing, (1) for divorce from bed and board, and personal service on defendant whether within or without the State, and for restriction of migratory divorces; (2) for requiring the district attorney to appear in all divorce proceedings in his county in behalf of the State to prevent collusion or fraud, or a one-sided presentation of default cases; (3) for making it a misdemeanor

crime to be guilty of any of the acts or omissions that constitute a ground for divorce, or to be guilty of collusion or fraud in divorce proceedings, (4) providing for service of summons, and all other papers in divorce cases on the district attorney and giving the co-respondent in adultery cases notice, and right to intervene.

And in support of our petition we recite the significant facts: (1) That the number of divorces has increased to an alarming extent, illustrated by the fact that in Los Angeles County in 1905 one divorce case was filed to every four marriage licenses issued; (2) Judges estimate that in ninety per cent (90%) of divorce cases there is no appearance by defendant; (3) More than one half the divorces granted in California are for trivial causes, such as desertion and failure to provide; (4) The best thought and civic conscience of our entire nation is now being aroused to a recognition of the alarming growth of the divorce evil, a fact recognized by the President of the United States in his last annual message to Congress.

We plead (1) for a more practical and more just system of sifting out the right and wrong in divorce cases; (2) for the right to demand legal separation only, where the injured one in marital troubles has conscientious scruples against absolute divorce; (3) for the appropriate punishment of those who wilfully violate the solemn obligations of the sacred marriage vow; (4) for the more adequate protection of the sacred marriage relation; and (5) for the stability and permanence of the home, because the home is the rock upon which both the State and the nation are founded, and if the home decays, both State and nation must crumble and fall.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 1, 1907.

To the Assembly of the State of California

I herewith return to you with my disapproval Assembly Bill No. 220. Upon making a careful inquiry, I find that there are not very many inquests held upon the bodies of those who are inmates of our institutions.

As the law now stands the expenses of holding the inquest is borne by the county.

The coroner is a county officer, and the Board of Supervisors have the power of auditing and allowing his accounts, and must require of him before allowing the same an affidavit showing what disposition has been made by him of the property of the deceased coming into his possession. If the proposed bill becomes a law all of the expenses of the inquest will have to be paid out of money appropriated for the support of the institution of which the deceased was an inmate. This money must be paid upon the coroner's certificate. The coroner fixes the amount of his fees. He is the judge solely of all expenses to be incurred, and thereby fixes the liability of the institution. Those in charge of the institution have no power to limit the expense or audit the claim, but must pay the amount stated in the coroner's certificate.

Such a law seems to me to be unwise, and one which may lead to many abuses, and therefore ought not to be favored.

And again, a county in which a State institution is situate receives benefits which surely ought to compensate for the small expense it is annually put to on account of holding inquests over the bodies of those who are inmates of such institutions.

J. N. GILLET,
Governor of the State of California.

13. Any county having an outstanding indebtedness, evidenced by bonds or warrants thereof, may refund such indebtedness and issue bonds of the county therefor, and any county may incur or refund a bonded indebtedness for any purpose for which the board of supervisors are herein authorized to expend the funds of said county. Such indebtedness shall be refunded or incurred in the following manner, to wit: The board of supervisors thereof shall by order specify the purpose for which the indebtedness is to be incurred, the amount of bonds which they propose to issue, the rate of interest, and the number of years, not exceeding forty, the whole or any part of said bonds are to run, and shall further provide for submitting the question of the issuance of said bonds to the qualified electors of the county at the next general election, or at a special election to be called by the board for that purpose, and the words to appear upon the ballots shall be "Bonds—Yes" and "Bonds—No" or words of similar import, together with a general statement of the amount and purpose of the bonds to be issued. Several separate propositions may be submitted at the same election. If a special election is called none but qualified voters of the county shall be permitted to vote thereat, and it shall be held as nearly as practicable in conformity with the general election laws of the state; *provided, however*, that for the holding of such special election the board may form bond election precincts by consolidating the precincts established for general election purposes to a number not exceeding six in each bond election precinct, and shall appoint only one inspector, two judges and one clerk for each bond election precinct. Notice shall be given of such election by publication in one or more newspapers published

in the county, once a week for at least four weeks, or daily for not less than thirty days, prior to said election. If there be no such newspaper, then by posting the same conspicuously in five public places in said county at least thirty days before said election. Such notice must contain the time and place or places of holding such election, the names of election officers to conduct the same, the amount and denomination of the bonds, the rate of interest to be paid and the number of years, not exceeding forty, the whole or any part of such bonds are to run. If any election officers so named in such notice are not present at the opening of the polls, the electors present may appoint election officers to take the place of such election officers so absent. If two thirds of the electors of the county voting at such election shall vote in favor of issuing such bonds, the board must proceed to issue the amount of bonds specified; *provided* that the total amount of bonded indebtedness shall at no time exceed five per centum of the taxable property of the county, as shown by the last equalized assessment book thereof. This limitation shall not apply to bonds which may be issued to refund an indebtedness existing January first, eighteen hundred and eighty. The board of supervisors, by an order entered upon its minutes, shall prescribe the form of said bonds, and of the interest coupons attached thereto, and fix the time when the whole or any part of the principal of said bonds shall be payable, which shall not be more than forty years from the date thereof; and said board may also, at their option, by a provision in such bonds, make such principal payable on or before a specified date at the pleasure of the county. Said bonds may be issued in denominations not to exceed one thousand dollars and not less than one hundred dollars; principal and interest payable in gold coin of the United States, either at the treasury of said county or at such place within the United States as such board may designate, or both at such treasury or such designated place, at the option of the bondholder. Interest on said bonds shall not exceed six per centum per annum, payable annually or semi-annually, as said board may designate. Said bonds shall be signed by the chairman of the board of supervisors, and attested by the auditor of said county, and have the seal of the board of supervisors attached, and said coupons shall be signed by said auditor by original or lithographed fac-simile signature; and said bonds shall be sold at the times, in the amounts and in the manner prescribed by said board of supervisors, but for not less than par. The board of supervisors, at the time of making the next general tax levy after incurring the indebtedness of any bonds issued under the provisions of this act, and annually thereafter until all of said bonds are paid, or until there shall be a sum in the treasury of the county set apart for that purpose sufficient to meet all sums coming due for principal and interest on such bonds, must levy a tax for that year upon the taxable property of said county for the interest and redemption of said bonds, which shall be in addition to all other taxes, and such tax must not be less than sufficient to pay the annual interest on said bonds and such portion of the principal if any, as is to become due before the time for making the next general tax levy, and in any event must be sufficient to raise annually for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term sufficient to pay such annual interest, and to provide annually a proportion of the principal of said bonds equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds have to run. And the board of supervisors, before or at the time of issuing said bonds, by ordinance shall provide for the levy of an annual tax sufficient to effect the objects of this provision. Such tax, when collected, shall be paid into the treasury of the county, and used solely to pay the interest and principal of said bonds as they respectively become due. The revenue derived from the sale of said bonds shall be applied to the purpose specified in the order of the board, and no other. Should there be any surplus, it shall be applied toward the payment of the bonds. The board of supervisors of any county can contract a bonded indebtedness for county purposes only as herein provided.

In issuing bonds under this act, the board of supervisors may, at its option, use the following form of bond and coupon.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 5, 1907.

To the Assembly of the State of California:

I respectfully return herewith, without my approval, Assembly Bill No. 30—An Act to amend an Act entitled "An Act fixing the minimum rate of compensation for labor on public work," approved March 9, 1897, together with my reasons therefor as follows:

This bill provides that the minimum compensation to be paid for labor upon all public work shall be \$3.00 per day. At the present time the minimum daily rate of wages is \$2.00. There is no provision of law preventing the payment of more than this sum, and every municipality and county now has full right and privilege to pay \$3.00 or more for each day's labor if it sees fit.

This being true, it must follow that this effort to raise the minimum price of labor upon public work is an attempt to legislate a price for labor in excess of its natural price. If a man's labor is worth \$3.00 per day upon public work, he will receive that amount as readily as he would if working in private employment. If a man's labor is not worth \$3.00 per day he is no more entitled to receive such sum from the taxpayers of this State than he would be entitled to receive such amount from a private employer.

My main objection to this bill is based upon the fact that the larger cities would not be subject to the provisions of this law, while the country districts would be greatly injured by its enactment.

Section 6 of Article XI of the Constitution provides that "cities and towns heretofore or hereafter organized, and all charters thereof framed or adopted by authority of this Constitution, except in municipal affairs, shall be subject to and controlled by general laws."

There is no subject more properly embraced within the term "municipal affairs" than the one relating to the employment of its own servants. The State neither hires, pays nor controls such employes. This being true, all cities acting under special and freeholders' charters which give the cities the right to regulate their employes and fix their wages would be exempt from the provisions of this general law. They would continue hiring their employes as at present, fixing their salaries without regard to this law.

I would respectfully call your attention to the case of *Popper vs. Brudenick*, reported in 123 California Reports, at page 456. In this case a law was adopted by the Legislature increasing the salaries of officers of the police and fire departments of San Francisco. The court held that the regulation of such salaries was strictly a municipal affair, and that the act of the Legislature in increasing the pay of officers in each of those departments was unconstitutional and void. Under Subdivision 24, Section 1, Chapter II of the San Francisco charter, the minimum wages upon public work is fixed at \$2.00 per day of eight hours. Many other charters have similar provisions, and in each case these cities would be unaffected by the proposed legislation.

On the other hand, the counties of this State and the country districts in general would be compelled to follow its provisions. As a rule, the wages in such country districts are below the minimum fixed by law. The most serious harm would fall on those counties which are now taxed to their utmost to maintain their road systems. Laborers upon the public highways are paid \$2.00 and \$2.50 per day. By a provision of law, the

road taxes are fixed at 40 cents on the \$100 of taxable property. Every county in the State finds extreme difficulty now in keeping its roads in repair. Increasing the wages of its laborers upon the public highways would make it more difficult, and in many instances would prevent the repair of many roads now in use. Adding one third to the annual labor cost of maintaining county roads would result in the abandonment of one third of the roads, or in the insufficient repairing of all. This would inevitably follow, and if it seems wise to the Legislature to increase the cost of maintaining our highways they should make provision for increased taxation to meet such additional cost.

For these reasons: first, that the principal cities are not subject to the provisions of such a general law; and, second, that the places which are subject to such regulations would be injuriously affected by the same, I am constrained to return this bill to you without my approval.

To the Assembly of the State of California

I herewith return to you, with my disapproval, Assembly Bill No. 389.

This bill increases the salary of the chief deputy clerk of the Supreme Court three hundred dollars per annum and increases the salary of each of the deputy clerks six hundred dollars per annum—quite a modest raise.

I am of the opinion that the present salaries are sufficient and that the same ought not to be increased.

The mayor shall give a certificate on demand to any person reporting such facts and information that he has done so, which certificate shall be evidence in exoneration from a charge of neglect of such duty.

SEC. 46. All officers of the city shall have the power to administer oaths and affirmations in any investigation or proceeding pending before any of said officers or before any board or committee thereof or concerning any demand on the city treasury, and the city clerk shall have the power to administer all oaths and affirmations required by this charter; for which no charge shall be made by any officer.

The city clerk shall upon the demand of the mayor or the president of the council or the presiding officer of any such board, commission or committee, issue such subpoena in the name of the city and attest the same with the corporate seal thereof and shall in such subpoena direct and require the attendance of the witness or witnesses sought to be summoned before the mayor, council or the respective board, commission or committee, requiring the attendance of such witness or witnesses and the production of the records, book or papers in said subpoenas specified. The chief of police shall cause said subpoenas to be served by some member of the police department upon the person or persons required to attend before the council, board, commission or committee in such subpoenas designated. The council shall from time to time adopt ordinances providing suitable penalties for disobedience of such subpoenas and the refusal of witnesses to testify before such council, board, commission or committee when required so to do.

SEC. 48. After the adoption of this charter, each appointive board of the city shall meet and organize immediately upon the qualification of all members of said board or a majority thereof. Thereafter they shall organize annually on the second Monday in January at 10 o'clock, A. M., or as soon thereafter as the new members shall have been appointed and have qualified.

SEC. 49. Whenever special meetings of the council or of any other board or commission of the city, except the board of health, are called, written notice thereof shall be served on each member personally or by mail addressed to his place of residence; if by mail, the notice, postpaid, shall be deposited in the postoffice of the city at least twenty-four hours before the time of meeting; if served personally it shall be so served at least three hours before the time of meeting.

Such special meeting may be called by the mayor or by two members of the council, board or commission, as the case may be. No business shall be transacted at any special meeting except that mentioned in the call, unless otherwise provided herein.

SEC. 50. The council or a committee of the council duly authorized by it may investigate any department of the city government and the official acts and conduct of any city officer or employé.

Chapter 6. Specific Prohibitions and Penalties for Officers and Employes.

SECTION 51. If any member of the council or of any board or commission of the city shall absent himself from the city for more than thirty days consecutively or if any other officer of the city shall absent himself from his office for more than ten days consecutively, without the consent of the council in either case, or if there

exists any reason sufficient in law for the removal of any officer, his office shall thereupon be declared vacant by the council if the office is an elective one and by the mayor if the office is an appointive one. The council must not grant leave of absence to any officer, except for the purpose of attending to official business, for a longer period than sixty days, *provided*, that such permit may be renewed if good and sufficient reason exists therefor.

SEC. 52. Whoever, being a city officer or being in nomination for or while seeking nomination or appointment for any city office, shall use or promise to use, whether directly or indirectly, any official authority or influence, whether then possessed or merely anticipated, to aid any other person to secure any office or appointment in the service of the city or any nomination or increase of salary, upon the condition that his vote or political influence shall be given or used in behalf of any candidate, officer or political party or association, or upon any corrupt condition, shall be deemed guilty of a misdemeanor. And every person found guilty of such misdemeanor as aforesaid shall, upon conviction thereof, be liable to be punished by a fine of not less than one hundred dollars or more than one thousand dollars, or to be imprisoned not less than ten days or more than one year, or to both said fine and said imprisonment, in the discretion of the court. If the person convicted be a public officer, he shall, in addition to any other punishment imposed, be deprived of his office and be forever debarred and disqualified from holding any position in the service of the city.

SEC. 53. No officer or employé of the city shall become a party worker or solicitor or active partisan in any city election, except in his own behalf. A violation of any of the provisions of this section shall be sufficient cause for his removal from office.

SEC. 54. Any officer of the city who shall, while in office, accept any donation or gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employé or from any candidate or applicant for any position as employé or subordinate under him, shall forfeit his office.

SEC. 55. No person in the service of the city is under any obligation to contribute to any political fund or to render any political service and no person shall be removed, reduced in grade or salary or otherwise prejudiced for refusing so to do. Any officer or employé of the city convicted of violating any of the provisions of this section shall be removed from office.

SEC. 56. No member of the council shall hold any other city office or hold any office or employment, the compensation for which is paid out of the city moneys, or be elected or appointed to any office created or the compensation of which is increased by the council while he was a member thereof, until one year after the expiration of the term for which he was elected, or be interested directly or indirectly in any contract with the city, or be in the employ of any person having any contract with the city or of any grantee of a franchise granted by the city.

No member of the council or of any board provided for by this charter and no officer or employé of this city having any authority or power relating to or affecting the granting of any franchise, right or privilege, shall be or become directly or indirectly interested in any such franchise, right or privilege. Any member of the council or of any board herein mentioned and any officer or employé of the city violating the provisions of this section shall forfeit his membership or office or employment; and all contracts made or rights, franchises or privileges granted in violation of this section shall be absolutely void.

SEC. 59. The council shall institute all suits necessary to remove persons from office for cause and for the enforcement of all proper penalties, but this shall not be construed to prevent any citizen bringing any proper suit to remove from office any officer for any sufficient cause specified in law or this charter, or construed to limit the power of the mayor in making removals and suspensions and preferring charges, given elsewhere in this charter, and it shall be the duty of the mayor to remove from office any appointive officer violating any of the provisions of this chapter or this charter.

Chapter 1. The Mayor.

A member of the council during the term for which he shall have been elected or appointed shall be ineligible to fill such vacancy.

SEC. 63. During the temporary absence or disability of the mayor or in case of his neglect or refusal to act, the president of the council shall act as mayor pro tempore and during such period shall possess the powers of the mayor and perform his duties; *provided*, that he shall not remove from office any person subject to removal by the mayor, unless such absence, disability, neglect or refusal to act continues for a period of at least sixty days, except he may suspend as provided herein, at any time, any officer. If such period continues thirty days or less, the mayor shall be entitled to his salary and the mayor pro tempore shall not receive any compensation other than that as councilman. Thereafter, during any further period of disability, neglect or refusal to act or absence, unless said absence is due to the business of the city, the mayor's salary shall cease and shall be paid to the mayor pro tempore who shall not receive any salary as councilman during such period.

SEC. 64. Within fifteen days after reassuming his powers and duties after any disability or absence, the mayor shall have the power by filing a written notice with the city clerk, to recall any ordinance, resolution, contract or grant of a franchise which has been passed by the council and approved or disapproved by the mayor pro tempore during such period, and by such action the approval or disapproval of the mayor pro tempore is rendered null and void and of no effect, and the mayor shall then have a further period of ten days in which to exercise the powers and duties in relation to approving or disapproving such ordinance, resolution, contract or grant of a franchise as are provided in this charter; *provided*, that the foregoing provisions shall not apply to any ordinance, resolution, contract or grant of a franchise which at the date said notice was filed with the city clerk by the mayor, has already gone into full force and effect under the provisions, exceptions and time limit as contained in Section 259 of Article XXI of this charter.

SEC. 65. The mayor shall preside over the council when in session and shall have authority to preserve order, to enforce the rules of the council and to determine the order of business, subject to such rules and subject to the right of appeal to the council. He shall not be entitled to a vote except in case of a tie, when he shall have the casting vote.

SEC. 66. He shall see that the laws of the State of California, the provisions of this charter and the ordinances of the City of Riverside are strictly enforced and duly observed within said city.

SEC. 67. He shall have a general supervision over all the departments and public institutions of the city and shall see that they are honestly, economically and lawfully conducted. The mayor shall from time to time recommend to the proper officers of the different departments such measures as he may deem beneficial to the public interest. He shall have the general supervision of all city officers, elected or appointed. He shall vigilantly observe the conduct of all public officers and employes.

It shall be his duty to receive and examine into all complaints made against such officers and employes for violation or neglect of duty. Any defalcation, dereliction, refusal to act, willful neglect of duty, unlawful absence from the city, official misconduct or incompetency which he may discover or which may be reported to him shall be laid by him before the council or other proper board. If such person is subject to removal by the mayor it shall be his duty at once to remove him according to the provisions of this charter.

SEC. 68. He shall, at least once in each month, and may at any other time, together with the city attorney and the city clerk, count the cash in the city treasury and see that it corresponds with the books of the treasurer and the auditor and report the result of such count to the council at its next meeting.

SEC. 69. He shall have the books and records of all public departments pertaining to the finances of the city and may of all institutions, objects or causes which are in part or wholly maintained or assisted by money appropriated by the city, audited by a competent person expert in such matters, at least once in every year. Such person shall make a full written report to the mayor and council of the results of such examination and of recommendations based thereon. The mayor may at any time, with or without notice, investigate in person or through one or more competent persons appointed by him for the purpose, the offices and accounts of any department, board or officer of the city or of any employe and the official acts and conduct of any official or employe in the service of the city, and the money, securities and property belonging to the city in the possession or charge of such department, board, officer or employe. Any person refusing to permit such examinations or purposely delaying or impeding the same, may be removed from office by the mayor if removable by him under this charter, or if not removable by the mayor may be suspended from office by the mayor and removed for malfeasance

in office. The expense of any such investigation shall be paid out of the general fund in the same manner as other claims against the city are paid. The result of all such investigations and examinations shall be reported to the council and such report filed with the city clerk.

SEC. 70. For the purpose of examining into the conduct of any board, commission, committee or other body intrusted with interests pertaining to the city, or for any other purpose, the mayor shall have power to call a special meeting of such board, committee, commission or other body. At such meeting, unless otherwise provided herein, only such business may be transacted as is mentioned in the call therefor.

SEC. 71. The mayor shall have the right to be present at regular, special or executive sessions of any board, commission, committee or other body intrusted with the interests of the City of Riverside, and shall have the right to sit in such body and take part therein, but shall not have the right to vote, except as specifically provided herein.

SEC. 72. Whenever he considers it advisable, the mayor may call upon the heads of departments or other officers for such reports relating to the public business under their control and management as he may require of them, and it shall be their duty to prepare and submit the same at once to the mayor.

SEC. 73. The mayor may at any time, and at his own pleasure, remove from office or position any officer not elective, provided the cause therefor shall be stated in writing, which writing shall be filed with the city and a copy thereof given to such officer, but the same need not be made public unless by direction of the mayor or on request of the officer so removed.

SEC. 74. The mayor shall have the power to suspend, pending an official investigation, any officer of the city, except councilmen, or any employé thereof after refusal of the head of his department to so suspend him, for any official defalcation, dereliction, refusal to act, willful neglect of duty, official misconduct, incompetency, unlawful absence from the city, or if the official bond of such officer or employé shall be deemed by the mayor to be insufficient for any cause, or if any of the sureties on said bonds have withdrawn therefrom, and other and sufficient sureties have not immediately qualified thereon.

SEC. 75. Any elective officer, except councilmen and mayor, may be removed by the council upon charges preferred by the mayor; provided, that such charges are, by law, by this charter or the ordinances of the city, made sufficient cause for removal from office. Such charges may originate, however, in the council or from any citizen and shall be presented in writing to the council and a copy furnished to such officer, who shall have the right to appear before the council in person and by counsel and be heard in his defense. If such charges be sustained by an affirmative vote of not less than five members of the council and approved by the mayor, the officer shall be deemed removed and his place filled as in case of other vacancies, or the council may, with the mayor's approval, continue such suspension for such time as it deems proper. Otherwise the charges shall be dismissed and such officer, if he has been suspended, shall thereupon be restored to office.

SEC. 76. The mayor shall appoint all officers of the city and fill all vacancies in office where provision for such appointment is not otherwise specifically made in this charter or by law.

SEC. 77. The mayor shall take all proper measures for the preservation of public order and the suppression of all riots, tumults and unlawful assemblies, for which purpose he may use and command the police force, and in such case shall have power to add to the police force and call upon the citizens as may in his judgment be required. If the police force of the city is insufficient he shall call upon the governor for military aid, in the manner provided by law, so that such riots, tumults or unlawful assemblies may be promptly and effectively suppressed.

SEC. 78. The mayor may on his own motion, and must upon a resolution passed by the council directing him so to do, cause to be instituted on behalf of the city, such actions or proceedings as may be necessary to revoke, cancel or annul all franchises that may have been granted by the city to any person, company or corporation, which have been forfeited in whole or in part, or which for any reason may be irregular and void and not binding upon the city, and the city attorney, upon demand of the mayor, must institute and prosecute the suits or actions required to enforce the provisions of this section. Each mayor taking office under this charter shall cause a careful investigation to be made of the exact condition of all franchises theretofore granted by the city, and of the respective rights and obligations of the parties, and the performance of the same, and shall report the results thereof in his next annual message or report, or at such other times as he may deem proper.

SEC. 79. He shall see that all contracts and agreements with the city are faithfully kept and fully performed; and to that end shall cause legal proceedings to be commenced and prosecuted, in the name of the city, against all persons or corporations failing to fulfill their agreements or contracts, either in whole or in part.

SEC. 80. The mayor shall sign all conveyances made by the city, unless otherwise provided in this charter, and all contracts to which it is a party, unless otherwise provided herein; shall acknowledge the execution of all instruments executed by said city that require acknowledgment, and shall sign demands as elsewhere provided herein.

SEC. 81. The mayor shall have the veto power as provided in this charter. In case an ordinance or resolution of the council shall appropriate money, the mayor may approve one or more items in such ordinance or resolution and disapprove the others. In such case, those which he shall approve shall become effective, and those which he shall disapprove shall become effective only if again passed as provided in this charter.

SEC. 82. The mayor shall, at the end of each year of his official term, and at such other times as he may deem proper, communicate in writing to the council a general statement of the affairs of the city, together with such recommendations regarding the public health, the cleanliness and ornamentation of the city, the improvement of its government, its finances and such other matters as he may deem proper or beneficial.

SEC. 83. The mayor may contract such bills for typewriting and necessary clerical work as are required in the performance of his duties.

to do, in each year when fixing the annual tax rate, levy and assess as a school tax for the support and maintenance of the school department, such amount as the board of education shall report necessary for that purpose; *provided*, that the aggregate of the amount to be thus levied for school purposes shall not exceed thirty cents on each one hundred dollars valuation of property appearing on the assessment roll of the Riverside city school district; *provided further*, that the limit herein mentioned shall not be construed as including any money to be raised by taxation for the payment of bonds and the interest thereon for the Riverside city school district. The estimate of the board of education submitted to the county board of supervisors, as above specified, shall show the amount of money estimated to be received from the State for high school purposes and the amount needed for such purposes in addition thereto, and this amount when assessed and collected as above stated, shall be paid into the county treasury and placed to the credit of the high school fund and shall be used for high school purposes. Likewise the said estimate shall show the amount of money estimated to be received from the State and county for other than high school purposes and the amount needed for such purposes in addition thereto; and this amount when assessed and collected as above stated shall be paid into the county treasury to the credit of the school fund of the district and shall be used only for the purposes of schools other than high schools as herein outlined, and none of such money shall be used for high school purposes. All school moneys shall be paid out by the county treasurer in accordance with the methods of the general school laws, when not inconsistent with the provisions of this charter.

21. To establish regulations for the just and equitable disbursement of all money belonging to any fund of the Riverside school district.

22. And generally, to do and perform such other acts as may be necessary and proper to carry into force and effect the powers conferred on said board and to increase the efficiency of the public schools in said city.

SEC. 135. The board of education may, prior to the fifteenth day of August in any year when in their judgment it is advisable, call an election and submit to the electors of the district the question whether a tax shall be levied to furnish additional school facilities for the district or to maintain any school in such district or for building one or more school houses or for any or all of these purposes. Such election shall be called and money employed in accordance with the general laws of the State governing elections for district school tax.

SEC. 136. The board of education shall, at the same meeting at which it elects its president in each year, appoint a clerk, who may, or may not, be one of their own number, and shall prescribe the duties and fix the salary of such clerk.

SEC. 137. The city superintendent of schools, each member of the board of education and the clerk thereof, shall have power to administer oaths and affirmations in all matters connected with the school department.

SEC. 138. The board of education shall be the judge of the qualifications of teachers in all departments in the Riverside city school district, and said board may provide for special examinations for any or all positions in said schools. In the selection of teachers the board shall in all cases advise with the city superintendent, and in so far as possible they shall select teachers who by education and natural ability are best fitted for the positions; but said board shall in no case employ any teacher who does not, when so requested by the board, present a certificate of good health from the city health department, or from some reputable and known physician.

SEC. 139. The board of education shall have power to make suitable rules and regulations for the promotion of pupils from primary and grammar schools and from high schools and from all other departments of the schools when pupils have completed the respective courses of study therein, and to grant diplomas to such pupils in the name of the district.

SEC. 140. All buildings costing over one thousand dollars shall be built by contract and all contracts for buildings shall be given to the lowest responsible bidder offering adequate security, to be determined by the board after due public notice published for not less than five days in the official newspaper of the city, if there be such, and if there be no official newspaper, then in any newspaper published in said city, *provided*, that the board of education may reject any and all bids under this section. Any order for supplies in excess of two hundred dollars shall be advertised for and purchased in same manner as outlined in this section.

SEC. 141. In all matters not specifically provided for in this charter the board shall be governed by the provisions of the general law relative to such matters.

SECTION 142. The public library and reading room, known as the Riverside Public Library, is hereby continued in existence, and shall be free of access to all citizens of said city and the general public except as hereinafter provided, subject to such rules and regulations for the government and management thereof as may

at any time be adopted by the board of directors of said library, hereinafter provided. Thereafter said directors shall hold office for a period of four years and until their successors are appointed and have qualified, *provided*, that the mayor may at any time remove members of said board and thereupon shall file with the council a written message giving the names of the directors removed and the actual reasons for such removals. Such removals shall not need the approval of the council.

Sec. 146. The office of director of the public library shall be honorary and the members shall serve without compensation.

Sec. 147. Said directors shall organize at their first meeting, and on the second Monday in January, nineteen hundred nine, and annually thereafter, by the election of a president and a secretary from among their number who shall serve without compensation for a term of one year and until their successors are elected, *provided*, that either or both of said officers may at any time be removed from office and their places filled by the action of a majority of the whole board of directors, and *further provided*, that the board may designate the librarian or any employe of the library as secretary, no additional salary being paid therefor.

Sec. 148. The board of directors shall hold regular meetings at least once every month at such times and places as it may determine by resolution. Special meetings may be called by the president or by any two members; *provided*, that written notice is served as herein provided for and that no business shall be transacted at any special meeting except that mentioned in the call, unless five directors shall consent thereto. Three directors shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time.

Sec. 149. The secretary shall keep a record and full minutes in writing of all proceedings of said board and may certify to such proceedings or any portion thereof, under his hand, to be verified by seal, if a seal has been adopted and provided by the board for that purpose. All accounts of property, money, receipts and expenditures shall be kept by the auditor of said city.

Sec. 150. The board, by a majority vote of all its members to be recorded on its minutes with ayes and noes, shall have power:

1. To take charge of the public library, grounds, reading rooms and branches and of all real and personal property thereunto belonging or that may be acquired by loan, purchase, gift, devise or otherwise, when not inconsistent with the terms and conditions of the devise, gift or bequest,

To exclude from the privileges of the library, reading rooms and branches any and all persons who shall wilfully violate the rules established by the board, any and all persons who shall conduct themselves in an offensive or improper manner in or about the library or branches thereof and any and all persons afflicted with contagious, infectious, dangerous or offensive disease; it shall be the duty of the librarian upon receipt of notice from the city health officer that contagious or communicable disease exists in any family or any house or building, to at once bar from all library privileges all members of such family or occupants of such building or house, and not to renew such privileges until official notice is received from said health officer that said disease no longer exists and that said premises have been properly fumigated.

7 To exercise and administer any trust declared or created for the benefit of such library, reading rooms or branches thereof and to receive by gift, devise or bequest and hold in trust or otherwise, property situated in this State or elsewhere, and where not otherwise provided in said trust, dispose of the same for the benefit of said library;

8. If the payment into the city treasury of any money or property derived by donation or bequest would be inconsistent with the conditions or terms of such donation or bequest, the board of directors of the public library shall provide for the safety and preservation of the same and the application thereof to the use of such library and reading rooms in accordance with the terms and conditions of such donation or bequest;

9 To provide memorial tablets and niches to perpetuate the memory of any person making donations or bequests to said library;

10. To purchase books, journals, maps, publications and other supplies and personal property for the use of said library;

11 To repair, sell, exchange or otherwise dispose of personal property;

12. It shall be the duty of the board to exclude from said library all books, papers and publications that it deems to be indecent, immoral, offensive or harmful, and it may, in its discretion, exclude all publications of a partisan or sectarian nature;

13. To borrow books from, lend books to and exchange the same with other libraries, upon such conditions and terms as said board may prescribe;

14. To establish and maintain, or discontinue, such branches of the public library or reading rooms, or both, as the growth of the city and convenience of the public may, from time to time, require; special rules and regulations for the government and opening of any or all such branches may be adopted and enforced at the option of said board;

15 To do and perform any and all other acts and things necessary or proper to fully carry out the intent of this charter in establishing and maintaining a public library and reading room;

16. To control and order the expenditure of all money at any time in the library fund, and order the drawing and payment of all moneys out of said fund for such expenditures or liabilities as are herein authorized, subject to the general provisions for the payment of demands on the city treasury, contained in Article XVI.

SEC. 151. The board of directors shall annually, on or before the first day of August, make a report to the council showing the condition of their trust for the year ending June thirtieth of that year: the various sums of money received from the library fund and from other sources: for what purposes such money has been expended, the amount so expended, and the balance on hand; the number of books and periodicals on hand, the number added by purchase, gift or otherwise during the year; the number lost or missing; the number of persons entitled to borrow books; the number of books circulated and the general character and kind of such books; the names of all employees and the salary paid to each; with such other information, statistics and suggestions as it may deem of general interest. The statement of financial receipts and disbursements shall be verified under oath by the secretary. The board shall, as specified in Article XV, Section 228, submit to the council a careful estimate of the amount of expenditure required for the coming fiscal year, specifying in detail the object thereof. A duplicate of said report and estimate shall be sent to the auditor.

SEC. 152. At the request of the board of directors of the public library, as expressed in the annual estimate and budget of the board, the council shall in making the annual tax levy and as a part thereof, if the maintenance of the library is not otherwise provided for, levy a tax sufficient to establish and maintain said library, reading rooms and branches, and for purchasing or leasing such real and personal property, books, papers, publications, furniture, fixtures and erecting such buildings as may be necessary therefor; said levy to be in addition to other taxes,

the levy of which is permitted in the municipality: *provided*, said levy for library purposes shall not be less than five cents, nor more than twenty cents on each hundred dollars of value of all real and personal property in the city as assessed for city purposes.

All money received for such library from any source, except as herein otherwise provided for, shall be deposited in the treasury of the city to the credit of the library fund and shall be kept separate and apart from all other moneys of the city, and shall be disbursed only for library purposes herein authorized and only upon the order of the board of directors of the public library as hereinbefore provided.

SEC. 153. No indebtedness exceeding the funds available for library purposes during such year, shall be incurred in any one year, *provided*, that this limitation shall not be construed to prevent the incurring of indebtedness for permanent improvements, to be liquidated by the proceeds of municipal bonds issued by the City of Riverside, in accordance with the provisions of this charter or of the general laws of the State, for the purpose of defraying the cost of such improvements; *and provided*, that the contracts for such improvements, the construction of the same and the allowing of demands in payment therefor shall be under the control of the board of directors of the public library, subject to the general provisions herein contained relating to the allowance of demands.

SEC. 154. Any person desiring to make donations of money, securities, or other personal property or real estate, shall have the right to vest the title to such money, personal property or real estate so donated in the board of directors of the Riverside public library, hereby created, to be owned, held and controlled by such board when accepted according to the terms of the deed, gift, devise or bequest of such property; and as to such property, the board shall be held and considered to be a special trustee thereof for the city. No real property used for library purposes can be sold by the council or otherwise disposed of without the approval of four directors of the public library.

SEC. 155. The council shall have the power to appropriate and authorize the use, either in whole or in part, of any real estate belonging to the city for the purpose of erecting and maintaining a building or buildings thereon to be used for the public library or branches thereof, and may appropriate the whole or any portion of any public building belonging to or used by the city, for such use.

SEC. 156. The council shall pass proper ordinances imposing suitable penalties for the punishment of persons committing any injury upon said library or the grounds or property thereof, and for injury to or failure to return or for unlawfully obtaining or detaining any book or publication or other property of said library.

SEC. 157. The board shall have the power to require the secretary of state and other state officials to furnish the library with copies of any or all reports, laws, and other publications of the State not otherwise disposed of by law.

ARTICLE VIII.

DEPARTMENT OF PUBLIC UTILITIES AND ELECTRICAL DEPARTMENT

SECTION 158. There is hereby created a department of public utilities which shall be under the control and management of a board of public utilities, consisting of five commissioners, four of whom shall be appointed by the mayor immediately after his qualification and thereafter as their terms expire as hereinafter provided. Each of the four thus appointed shall be at least twenty-five years of age and shall have been a qualified elector of the city for the three years next preceding the day of his appointment. The fifth member of the board shall be the mayor who shall be the presiding officer of the board. Those members first appointed under this charter shall so classify themselves by lot at their first meeting that one shall go out of office on the second Monday in January, 1909, one at the end of one year thereafter, one at the end of two years thereafter, and one at the end of three years thereafter; and thereafter their successors shall hold office for four years until their successors are appointed and have qualified; *provided*, the mayor may at any time remove from office members of said board and thereupon shall file with the council a written message giving the names of the members removed and the reasons therefor. Such removals shall not need the approval of the council. The members shall serve without compensation. Unless otherwise provided by ordinance, the city clerk shall act as secretary of said board and keep the minutes and records thereof and shall, whenever required so to do, certify such proceedings under his hand, the same to be authenticated by seal if a seal is adopted and provided by said board for that purpose.

SEC. 159. The board shall hold regular meetings at least once in every month at such times and place as it may determine by resolution. Special meetings may be called at any time by the mayor or by any two members; *provided*, written notice is served as herein provided for, and that no business shall be transacted at any special meeting except that mentioned in the call, unless five members consent thereto. Three members shall constitute a quorum for the transaction of business but a less number may adjourn from time to time.

SEC. 160. The board of public utilities shall have the exclusive control and management of all electric and other light and power works, gas works, telegraph

or telephone systems, water works, ice works or other systems of providing and distributing refrigerating means, materials, and service, and all other public utilities that now belong to, or that may hereafter be acquired by the city; the acquisition, construction, extension, maintenance, operation and improvements of such works and systems; the management, rental, use, sale and distribution of the electricity, light, power, gas, fuel, water, ice or other products, merchandise or service therefrom; the collection of the rates and payment for the same and the general charge thereof; by ordinance of the council, the board may be given charge of the fire and police telegraph and alarm systems.

SEC. 161. The board may appoint, transfer, remove, discharge, suspend or require bonds of superintendents, engineers, laborers and all other persons employed in or by said department or in connection therewith in whatever capacity, and may prescribe their duties, compensation and authority, except as otherwise provided herein for the city auditor, his deputies and clerks.

SEC. 162. The rates to be charged for the use, rental and sale of electricity, light, power, heat, gas, water, telephone or telegraph service, or for any other service supplied by such department for which it is practicable to establish fixed rates, shall be fixed by the board of public utilities annually, or oftener if desired, but must be approved by the council. Said rates should preferably, but not necessarily, yield a reasonable profit and interest on the investment to the city, but must not be less than the actual cost of providing such service or utility, including all repairs, maintenance, operating expenses and the depreciation hereinafter provided for in Section 173 of this article, unless approved by two thirds of all the qualified electors voting on such proposition at any election, *and further provided*, that the board shall have power by a vote of four members, approved by a vote of five members of the council, and by the mayor, when, in their judgment such would be for the best interests of the city as a whole, to make special and discriminating rates and contracts which may or may not be less than the said cost.

SEC. 163. The board shall have authority to purchase all machinery, material, fuel, merchandise and supplies for the use of the department, and such purchase may be made in the open market for the best advantage of the city, and bids shall not be required except at the option of the board, notwithstanding any other provision to the contrary contained in this charter elsewhere. The board is authorized to acquire and take by purchase, condemnation or otherwise, in the name of the city, any and all property, including water and water rights, situated within or without the limits of the city, that may be necessary or convenient for the construction, operation, maintenance or extension of any of the said works or public utilities.

SEC. 164. Said board shall have the power to contract or to extend contracts for power, electric current, gas, fuel, or similar commodity; if said contracts or extensions are for a period exceeding one year and shorter than five years they shall require the approval of the council; if longer than five years they must, in addition, be ratified by a majority of the qualified voters voting on such proposition at any election, before they shall be binding on the city. The board may, however, subject to the approval of the council, make such contracts or make leases of machinery or apparatus for a longer term than five years if such contracts or leases provide for the acquisition by the city of the machinery or apparatus so leased, or provide for the acquisition of the machinery or apparatus producing the electric current, power, gas or other product so contracted for by the city.

SEC. 165. The city through its department of public utilities shall have the right to sell, lease, rent or furnish any of the commodities, merchandise or service herein provided for, to persons or corporations using the same outside of the city limits; *provided*, the same does not interfere with the proper service of the inhabitants of the city, and any contracts must be subject to this provision. The rates so charged shall be fixed by the board, but must be approved by the council.

SEC. 166. The city, through its department of public utilities, shall have power to purchase, acquire by leasing or renting, to sell, to rent or lease out, to install, repair and maintain every kind of electric current, power, fuel, heat, machinery, apparatus, supplies and all other articles of merchandise necessary, convenient or profitable either for its own use in any of the public utilities operated by the city, or for the use of the customers of the city wherever located. Such service to persons outside of the city shall be subject to the provisions of Section 165 of this article. When the board deems it to be to the profit and best interest of the city, it may furnish, free of charge, or give away to its customers, under proper restrictions, apparatus, lamps, and other articles intended to consume or make use of electricity, gas, power or other commodities furnished by the department.

SEC. 167. The board shall have entire charge of the system of street lighting; *provided*, that before any extensions of same are made, the approval of the council shall be necessary. The rate to be charged the city for street lighting shall be determined by the board and approved by the council, but must not be less than the actual cost of same. Bills for same shall be rendered monthly and approved in the same manner as other demands. The auditor shall then credit the electric fund and charge the proper fund with the said amount. Light, power and other

items and supplies furnished other departments of the city shall be treated in like manner.

SEC. 168. The board shall have power, by a resolution adopted by a majority of all its members and recorded at length on the minutes with the ayes and noes, to make and enforce all such reasonable regulations, rules and by-laws as may be necessary for its government, for the administration of the department and for the exercise of the powers conferred by this article. In the event that electric transmission lines have been paid for, in whole or in part, by persons or corporations other than the city, the board may require persons desiring to connect with said lines, to pay a proper proportion of such cost before being allowed to make such connection, and the said payment may be repaid pro rata to the persons originally paying for such lines.

SEC. 169. The board shall, as soon as practicable, cause to be made by the city engineer, a map or maps, showing full details of the distributing system, connections therewith and of all street lights, which maps shall be kept posted up to date or additional maps made as the service increases.

SEC. 170. The city auditor, as provided in Section 99 of Article V, Chapter 3, shall have entire charge and control of all records, books, documents and accounts relating to property and the receipts and expenditures and all accounts of purchases and sales of the department. His department shall also attend to the correspondence of the board or of the superintendent, but this shall be under the control and direction of the board. The board shall allow out of the electric fund the wages of the deputies and clerks so employed in the department, which wages shall be fixed by the council. The auditor shall make, as soon as practicable after the adoption of this charter, with the assistance of the superintendent, a complete detailed list with an inventory at the present value of all property belonging to the department, in order to determine the net value of the city's investment therein. The values in said inventory shall be set by the board, and it may engage a competent person to set same or to assist therein. The auditor shall keep this record posted up to date, and shall annually make a new inventory. A record shall be kept of all property sold, lost, destroyed, worn out or discarded, and a record of all connections and the number of lamps in use. The auditor shall accurately apportion all income and expenditures so that regular operating expenses, repairs, betterments, extensions, replacements, depreciation, cost of operation, power and fuel, the income from various sources, and the net income and real value of the plant can always accurately be told. The board and superintendent shall so conduct the department that this can be done and the auditor is instructed and given power to see that this provision is complied with.

SEC. 171. All money received by the board from the collection of rates or otherwise shall be paid over to the treasurer of the city, daily, unless otherwise provided by ordinance, to the credit of the electric fund, which shall be kept separate and apart from all other moneys of the city, and shall only be drawn from said fund by demands previously approved by a vote of three members of the board taken with the ayes and noes, and spread on the minutes, and the action of said board endorsed on said demands and signed by the mayor as president of the board and by the secretary thereof. All demands must be approved by the superintendent or managing head of the department and by the auditor or his deputy before being presented to the board. In case of emergency the council may transfer money from the general fund to the electric fund. Any moneys raised by issuing the bonds of the city for the use of the department of public utilities shall be expended and controlled by the said board. Money may be temporarily transferred from the electric fund to the general fund by the council, but only with the consent of the board of public utilities, and such money must be returned to the electric fund by the first day of the following May.

SEC. 172. None of the money in the electric fund shall be apportioned and used for any purpose or purposes other than for the following.

1. For the necessary expenses of conducting the electric department, operating the electric plant and making all current and ordinary extensions, betterments and repairs.

2. For the extraordinary improvement of and betterment to the plant, property, equipment and system of supply and distribution of the electric department, including purchase of necessary lands, water rights and other properties;

3. Any unused balance in the electric fund, after deducting for the depreciation sinking fund as provided in Section 173 of this article, may with the approval of both the board and the council, be used for payment of principal and interest of any electric department bonds outstanding.

4. After all expenditures have been made that are required in the first, second, and third subdivisions of this section, the profit, if any there be, remaining in the electric fund at the end of the fiscal year, from the operation

of the plant for such year, may, with the consent of both the council and the board of public utilities, be transferred, in whole or in part, into the general fund for the use of said fund.

SEC. 173. At the end of each fiscal year the auditor shall take the total value of property belonging to the electric department as obtained from the inventory and property record; he shall deduct not less than 5 per cent therefrom, which shall represent the estimated depreciation of the whole plant and system for the year. Said per cent shall thereupon be transferred from the electric fund to the credit of the fund to be known as the "depreciation sinking fund." He shall then charge to such sinking fund and credit to the electric fund the amount expended during the year in actual replacements of wornout machinery and plant, but must not include therein amounts expended in betterments, extensions, changes and repairs. The balance remaining in the depreciation sinking fund shall then be invested by the treasurer, subject to the approval of the council, in United States, state, school or municipal bonds, or deposited in savings banks organized under the laws of California, at interest, and the interest thereon shall accrue to said fund. If the per cent deducted from the electric fund in any one year shall not be sufficient to offset the expenditures for said actual replacements for such year as above specified, then sufficient bonds from the depreciation sinking fund shall be converted into cash, or cash withdrawn from said savings banks, and said cash transferred to the electric fund to make up such deficiency; but this shall be done only on the recommendation of the auditor and approved by the said board and the council. The depreciation sinking fund shall otherwise remain inviolate except as authorized by a two-thirds vote of the qualified electors voting on such proposition at any election. *provided*, that the said board by a four-fifths vote of all the members, approved by the council by a vote of five-sixths of all the members and by the mayor, shall have the power to instruct the treasurer and auditor to convert sufficient of said bonds into cash or withdraw said deposits, and thereupon to temporarily transfer the proceeds and to use same for betterments and extensions of said plant, or to acquire any other public utility elsewhere provided for in this charter, but must not use the same for repairs or operating expenses. Said temporary transfers must be repaid to said sinking fund by the electric fund or other fund, as the case may be, in annual installments not less than ten in number, with five per cent interest on same, computed semi-annually, and the auditor is authorized and instructed to make such transfer and the council must provide the funds therefor if the balances in such fund be insufficient. Annual reports in detail must be made by the auditor and the treasurer of all increments, changes, conversions, investments, interest, loans from and repayments to said depreciation sinking fund.

The auditor may take expert advice other than that of the electric department, as to the proper per cent of depreciation to be charged to the electric fund and credited to the depreciation sinking fund, as above provided; if, from such advice he believes five per cent to be too small, he shall make use of such per cent as he believes conservative and safe. If the money in the electric fund be insufficient to provide the amount of the depreciation charge the auditor shall create a deficit in the electric fund and if said deficit be not balanced at the time the next annual tax levy is made, the council must, by levy or otherwise, provide the money to balance the said fund. Said per cent shall not be less than five per cent unless approved by a majority of the electors voting on such proposition at any election.

SEC. 174. The board shall present to the council a monthly report showing expenditures for operating expenses, fuel, power, wages, repairs, replacements, betterments and extensions; also all income and net profit itemized into proper classes, and also an annual report showing in addition to these items the nature and condition of the property under their control with such information and suggestions as it may deem of general interest. If funds be needed for extensions, improvements, repairs or other expenditures, too great to be paid out of the estimated current income of the department, the board shall, as provided in Section 228, Article XV, make an itemized statement of the same to the council and the council may make such proper tax levy to provide such funds, and said taxes shall, when collected, be credited to the electric fund. Duplicates of all reports shall be filed in the auditor's office.

SEC. 175. It shall be the duty of the council to pass such ordinances as may be necessary to enforce the rules and regulations made by the said board.

SEC. 176. The board shall possess such other powers and perform such other duties as may be necessary to carry any of the powers and duties prescribed in this article into full force and effect, or as may be elsewhere prescribed by this charter or by ordinance.

SEC. 177. It is understood that at the time of the adoption of this charter, the electric department is the only public utility operated by the city. In case any other public utility herein mentioned in Section 160 of this article shall hereafter be acquired and pass under the control and management of the board of public utilities, the said board shall create separate departments therefor, and such departments shall each be subject to all the provisions of this article as far as they can be made applicable, and the accounts thereof shall be kept entirely separate each from the other, and separate and appropriate funds shall be established for each.

SEC. 178. No public utility once acquired and operated by the city shall, nor shall the control of same or the products therefrom, ever be sold, leased, abandoned or otherwise disposed of to any person or corporation except such proposition is approved by a two-thirds vote of all the qualified electors voting on such proposition at any election at which said proposition shall be legally submitted; *provided*, that said prohibition shall not be construed to prevent the ordinary sale of electricity, gas, power, service, merchandise, supplies, materials and unused or abandoned machinery or apparatus to the customers of the city in the regular course of business.

ARTICLE IX.

HEALTH DEPARTMENT.

SECTION 179. The board of health shall consist of five members, three of whom shall be appointed by the mayor; each of the three thus appointed shall be at least thirty years of age, and shall have been a qualified elector of the city for a period of three years next preceding his appointment, two of whom shall be practicing physicians and one shall be a citizen other than a physician. The estimate shall also show what amount of income and revenue is likely to be collected from fines, licenses and all other sources of revenue, exclusive of taxes upon property, and what amount will probably be required to be levied and raised by taxation in order to meet the necessities of each specific fund for such fiscal year.

SEC. 230. The council shall have the power and it shall be their duty to fix by ordinance the amount of money necessary to be raised by taxation upon

the taxable property of the city, as a revenue to carry on the various departments of such city for the current fiscal year, not to exceed the limit fixed by this charter, if there be such limit, and to pay the bonded or other indebtedness of said city. The council shall meet for such purpose and shall so ascertain and fix said amount on the first Monday in August in any year when provision has been made by ordinance for the assessment and collection of the city taxes by the county assessor and county tax collector, and in any other year at such time as may be fixed by ordinance.

All taxes assessed, together with any percentage imposed for delinquency and the cost of collection, shall constitute liens on the property assessed from and after the date of assessment.

If said act shall be amended or some other law be substituted instead, providing for the assessment and collection of city taxes by county officers, any ordinance passed therefor by the mayor and council shall conform to the provisions of such amended act or such law in order to avail the city of the privilege of having its taxes assessed and collected by such county officers.

SEC. 235. On the first Monday of September in any year when provision has been made by ordinance for the assessment and collection of the city taxes by the county assessor and county tax collector, the council shall fix the rate of taxes for such year as provided in Section 4 of said act of the legislature referred to in Section 234 of this article, and shall immediately thereafter transmit to the county auditor of said County of Riverside a statement of such rate as fixed by said council.

assessor shall continue in office as assessor of the City of Riverside incorporated under this charter until said assessment roll has been completed and shall be entitled to such compensation therefor as may be fixed by the council. Such assessment shall be as valid and binding as if made by the ex officio assessor elected under this charter. This provision shall take precedence over any other provision of this charter in conflict therewith. Said assessment shall be made under the existing ordinances of the City of Riverside, except as to the amount of tax levy which shall be governed by the provisions of this charter.

SEC. 237. No money from bond, interest or sinking funds of the city shall be transferred to other funds, except as provided herein, until the necessity for which such bond, interest or sinking funds were created no longer exists. Ordinances providing for the levying of the taxes mentioned in this article shall not be subject to the provisions of the Referendum referred to in Section 259, of Article XXI.

The council shall not have power to levy a general tax greater than one dollar and thirty-five cents on each one hundred dollars of the assessed valuation of all property within said city. This limit is exclusive of all taxes for the payment of the principal and interest of the bonded indebtedness of the city, all district taxes, special taxes, special assessments and all taxes for library or school purposes. This limit may be changed at any time by an ordinance adopted by a majority vote of all the electors voting on such question at any election and such ordinance may originate in the council or may be proposed by initiative petition.

SEC. 243. Any demand in the fire or the police departments must be approved by the chief or such department and by the mayor.

SEC. 244. Salaries of elective officers, except those of members of the council, shall not require demands.

SEC. 245. The auditor shall designate the fund out of which any demand shall be paid. His disapproval shall be final, subject to the review of the courts. No demand can be paid by the treasurer unless audited and approved as herein provided. If there are no funds to pay any demand on presentation, the treasurer shall register such demand and thereafter, if there be funds legally applicable to pay such demand, it shall be paid in the order of registration, together with interest from the date of registration at the rate of five per cent per annum.

SEC. 246. The board of city accounting shall prescribe forms, records and duties relating to demands and their approval and payment, and such shall not be changed except on a vote of the electors.

SECTION 248. The City of Riverside shall not be and is not bound by any contract unless the council shall have first caused notice to be published in a daily newspaper printed and published in the City of Riverside, inviting proposals, and thereafter shall have let said contract to the lowest responsible bidder furnishing adequate security for its performance, satisfactory to the council; *provided*, that the council may reject any and all bids; *and provided*, that any such contract shall be made in writing, and approved and signed as provided in Article III, Chapter 1, Section 9; *and provided further*, that the approval, as to form of such contract, by the city attorney, as required by Section 121 of Article V of this charter, shall be endorsed on the draft thereof before the council shall have power to approve the same, but the council may by resolution authorize any officer, committee or agent of the city to bind the city for the payment of a sum of money not exceeding five hundred dollars without a contract in writing and without any previous publication of notice inviting proposals; *provided*, that contracts made by other boards authorized by this charter to make contracts, shall not be subject to the provisions of this section.

SEC. 249. The council shall not have power to make any contract or lease or to extend any existing contract or lease for a longer period than five years unless said contract, lease or extension be approved and ratified by a majority of the qualified electors of the city voting on such question at any election; *provided*, that a lease, contract or extension for a longer period shall be valid without such approval if said lease or contract provides for the acquisition by the city, at the end of such period, of the real or personal property so leased or contracted for, but such contract, lease or extension shall nevertheless be subject to the provisions of the referendum herein provided for in Section 259 of Article XXI.

SEC. 250. Such advertising and job printing may, thereafter during said year, be procured by the council or by any board, officer or employé legally authorized, but in no case shall the price paid exceed, though it may be less than the rate so fixed by the council. At the same price, preference shall be given on orders for job printing to printing establishments located in the City of Riverside, but this shall not be construed as preventing such work being done outside of the city if a lower price, considering quality of work, can be thus obtained.

SEC. 251. If no newspaper published in the City of Riverside will accept advertising at the rate so fixed as provided in Section 250 of this Article, or if for other reasons the council so decides, the said council in lieu of newspaper advertising may issue and publish a bulletin containing such matter as they, or any officer or board of the city are required to publish, and shall cause a copy thereof to be addressed to each of the registered voters of the city, to their addresses as the same shall appear on the last great register of Riverside County, and the same shall be deposited in the United States postoffice with the postage duly prepaid, and shall also post printed copies of such advertisement in three public places in the city. Action shall not be taken in regard to any matters so advertised for such period after such postage and mailing as may be required herein or by law to lapse after regular advertising in the official newspaper, or for five days thereafter if no time is so specified. Such mailing and posting shall be conclusively deemed to be of the same effect as if the advertisement had been fully published the required number of times in such newspaper as may be required by law or this charter. All provisions of this charter are subject to the provisions of this section.

Such position or office may be filled by one of the officers or employés of the city so designated, or a new and separate office or position may be created. The council may provide that all or any designated portion of the purchases and contracts under the jurisdiction of the council must be made by said purchasing agent under rules to be provided therefor; and with the consent of other boards herein given the power to make purchases and contracts, the council may provide that all or a portion of such purchases and contracts may be made by said agent, under similar or different rules. The council may provide that the purchasing agent may make all or any portion of the purchases of the city in the open market at the best prices obtainable and to the best advantage of the city, without advertising for bids, and the provision

ARTICLE XIX.

STREETS AND SEWERS.

SECTION 253. Except as provided herein and unless otherwise provided by ordinance, the general law of the State of California relative to the improvement of, and work upon streets, lanes, alleys, courts, places and sidewalks, including the construction of sewers and providing for the laying out, opening, extending, widening, straightening or closing up in whole or in part of any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary and convenient for that purpose; and for providing a system of street improvement bonds to represent certain assessments for the cost of street work and improvements within municipalities, and to provide for the payment of such bonds, and providing for the planting, maintenance and care of shade trees upon streets, lanes, alleys, courts and places within municipalities, and of hedges upon the lines thereof, and for the eradication of weeds within city limits, now in force, or which may hereafter be adopted by the legislature of this State, is hereby made a part of this charter, and shall govern the council in such matters; *provided*, the council is hereby given power to enact ordinances providing for, and having the effect as long as such ordinances shall remain in force, of repealing all, any, or any portion of any such general laws, as far as the same shall relate to the City of Riverside, and substituting in place thereof other measures, provisions and regulations, relating to similar matters; *and, provided*, the council is hereby given power to enact ordinances providing other and different measures, provisions and regulations relating to any, all or any portion of the matters covered in such general laws, and in any proceedings relating to any of said matters to decide and provide in the resolution or ordinance ordering or initiating said proceedings, whether said proceedings or work shall be conducted under said general laws, under said general laws as amended by said ordinances, or entirely under said ordinances. A repeal of any such ordinance will revive the operation of any such general law so repealed in whole or part, with amendments thereto, provided said law be still in force in the State.

SEC. 254. The council shall have power by duly enacted ordinance to provide rules and regulations for having sewers, drains and conduits laid in the streets, alleys and places of the city, under private or public contract, to require that the owner of any property which has not contributed to the payment of the cost and expenses of such construction, must, before being allowed to connect with and use such sewers, drains and conduits, pay into the city treasury or to some designated officer, the proper portion of such cost and expense which such property should have borne had it participated in said payment, with interest thereon to said date, or in lieu thereof a stated sum of money. The ordinance may provide that the money so collected shall be paid into the sewer fund, or returned to the present owners of the property participating in such original cost, *pro rata*.

SEC. 255. The council shall have power to cause an estimate to be made and a bid submitted on behalf of the city by the city engineer and the superintendent of streets on any work provided for in this article. Said bid shall be in regular form but no bond, certified check or other deposit or security shall be required of the city. The contract for said work may be awarded to the city if the bid of said city is the lowest, or to the next highest responsible bidder at the option of the council. No bond shall be required of the city, but the contract shall be signed in regular form. The superintendent of streets shall have charge of the execution of any such contract and careful records of cost must be kept. The city may do any such work on application of a petition signed by the owners of a majority of the frontage of the property fronting on any proposed improvement, even though no bid was submitted by said city, or without said petition if the council deems that the city can do such work at less cost than the lowest bid therefor. Any such work may be done by day labor, or sublet by contract, or both. Assessments for such work shall be collected as designated by the council.

SEC. 256. In all proceedings under the general laws of the state the city engineer and the superintendent of streets, respectively, shall perform the same duties as prescribed in said laws.

ARTICLE XX.

FRANCHISES.

SECTION 257. The council shall have power to designate the terms, conditions and duration of all franchises, *provided* that no exclusive franchise shall ever be granted.

ARTICLE XXI

THE INITIATIVE

SECTION 258. Any proposed ordinance may be submitted to the council by a petition signed by qualified and registered electors of the city equal in number to the percentage hereinafter required. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each of such papers shall make oath before an officer qualified to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition, the city clerk shall examine and from the great register and certificates of registration, ascertain whether or not said petition is signed by the requisite number of qualified and registered electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination.

If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay.

If the petition accompanying the proposed ordinance be signed by qualified and registered electors equal in number to ten per cent of the entire vote cast for all candidates for mayor at the last preceding general municipal election, the council must either pass such ordinance without alteration or submit the same to the electorate at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency. But if such petition is signed by qualified and registered electors equal in number to fifteen per cent of said vote and contains a request that such ordinance be submitted to a vote of the people at a special election, then the council must either pass the ordinance without alteration or submit the same to the electorate at a special election to be called within sixty days from the filing of such petition.

The ballots used when voting upon such proposed ordinance shall contain the words: "For the Ordinance;" (stating the general nature of the ordinance) and "Against the Ordinance," (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by petition or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people obtained in like manner.

Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section, *provided*, that there shall not be held under this section of the charter more than one special election in any period of twelve months.

THE REFERENDUM.

SECTION 259. No action providing for the sale or lease of any city property exceeding five hundred dollars in value and no ordinance passed by the council (except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency, and is passed by a vote of five members of the council and approved by the mayor or the unanimous vote of all the members over the mayor's disapproval, but no grant of any franchise shall be construed to be urgency matter), shall go into effect before thirty days from the time of its approval by the mayor or the time of its passage over his veto, as the case may be; and if during said thirty days, a petition signed by electors of the city equal in number to at least ten per cent of the entire vote cast for all candidates for mayor at the last preceding city election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation and it shall be the duty of the council to reconsider such ordinance and if the same is not entirely repealed, the council shall submit the ordinance proposed, to the vote of the electors of the city either at the next general municipal election or at a special municipal election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of the first section of this article (the initiative) and shall be examined and certified by the clerk in all respects as therein provided. If the provisions of two or more measures approved and adopted at the same election under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

THE RECALL.

SECTION 260. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor for such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by qualified electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty-five per cent of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city clerk; *provided*, that the said petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence giving the street and number. One of the signers of each such paper shall make oath before an officer qualified to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days after the date of filing such petition the city clerk shall examine and from the great register and certificates of registration ascertain whether or not said petition is signed by the requisite number of qualified and registered electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the city clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay and the council shall thereupon order and fix a date for holding the said election, not less than thirty days, nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The council shall make or cause to be made, publication of notice and all arrangements for the holding of such election, and the same shall be conducted, returned and the result thereof declared in all respects as other city elections. The predecessor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination.

In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

If any special election be ordered, held and conducted, it shall be ordered, held and conducted (except as to date thereof) and the result thereof made known and declared, in the same manner as herein provided for other elections.

SEC. 261. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be printed and he shall enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter at least ten days prior to the election, but the council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballot as first above provided.
